Conditions List :

1. All products must comply with the labeling requirements in English or Arabic. Information should include batch number, manufacturing date, expiry date, manufacturer's name, country of origin, uses, warnings and precautions.
2. Any change in the ingredients (active or inactive), storage conditions, package change of the product, etc., should be reported to the cosmetic section of Pharmaceutical & Herbal Medicines Registration & Control Administration.
3. The products should be subjected to the rules and regulations as per M.D. No. 200/97.
4. Any product discontinued should be reported to Pharmaceutical & Herbal Medicines Registration & Control Administration if listed with this permission for sale.
5. The Pharmaceutical & Herbal Medicines Registration & Control Administration reserves the right to inspect the products in store.
6. The Pharmaceutical & Herbal Medicines Registration & Control Administration reserves the right to cancel or suspend the approval of the product.
7. The name of the product in the invoice must be the same as the name mentioned in this permission for sale.
8. This permission should be renewed after 5 years to maintain the sale of the product in Kuwait, taking into consideration the changes done during this period.
